VOLUME 71: SUBJECT INDEX

Accidental asphyxia, Potentially dangerous sleeping environments and accidental asphyxia in infancy and early childhood, **497**

Adenitis, Needle aspiration for suppurative post-BCG adenitis, **446**

Admissions, paediatric, Appropriateness of paediatric admission, **50**

Adrenal insufficiency, A new peroxisomal disorder with fetal and neonatal adrenal insufficiency, **F55**

Adrenal tumour, Oestrogen and cortisol producing adrenal tumour, **358**

Adrenoleukodystrophy, A new peroxisomal disorder with fetal and neonatal adrenal insufficiency, **F55**

Ambulatory paediatrics, Ambulatory paediatrics: *correspondence*, **180**

Ambulatory polysomnography, Investigation of sleep disorders including home monitoring: *annotation*, **184**

Aminophylline

Dose conversion from aminophylline to theophylline in preterm infants, **F51**

Effect of aminophylline on brain stem auditory evoked potentials in preterm infants, **F20**

Amniotic fluid, Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**

Anaemia

Cardiovascular abnormalities in end stage renal failure: the effect of anaemia or uraemia?, **119**

Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**

Fetal marrow suppression after maternal chemotherapy for leukaemia, **F209**

Anaphylactic reactions, Management of anaphylactic reactions to food: *personal practice*, **370**

Anorectal abnormalities, Social and emotional impact of faecal incontinence after surgery for anorectal abnormalities, **194**

Anorexia nervosa, Use of pelvic ultrasound to monitor ovarian and uterine maturity in childhood onset anorexia nervosa, **228**

Anthracyclines, Anthracyclines: cardiotoxicity and its prevention: *current topic*, **457**

Antibiotics

Evaluation of two commercial jet nebulisers and three compressors for the nebulisation of antibiotics, **335**

Pulmonary function in infants with cystic fibrosis: the effect of antibiotic treatment, **133**

Antioxidant status, High plasma vitamin C concentrations at birth associated with low antioxidant status and poor outcome in premature infants, **F40**

Aortic arch thrombosis, Neonatal aortic arch thrombosis, **F125**

Apnoea, Effect of nursing position on incidence, type, and duration of clinically significant apnoea in preterm infants, **F16**

Apparent life threatening events, Surfactant abnormalities in ALTE and SIDS, **501**

Asians, Is the risk of cancer increased in Asians living in the UK?, **398**

Asphyxia

Excessive rates of asphyxia – anecdote or fact? *correspondence*, **F148**

Perinatal asphyxia in less developed countries: *annotation*, **F1**

Potentially dangerous sleeping environments and accidental asphyxia in infancy and early childhood, **497**

Asthma

Asthma audit: a multicentre pilot study: *controversy*, **167**

Cough but is it asthma: *correspondence*, **283**

Influence of spacer device on drug delivery to young children with asthma, **217**

Prevalence of asthma and wheeze in the Highlands of Scotland, **211**

Wheeze in preschool children and its relation with doctor diagnosed asthma, **24**

Why do they wheeze so much? *Archivist*, **408**

Attitudes, Attitudes and beliefs of Muslim mothers towards pregnancy and infancy: *personal practice*, **170**: *correspondence*, **559**

Audit

Asthma audit: a multicentre pilot study: *controversy*, **167**

Audit of guidelines for effective control of chemotherapy and radiotherapy induced emesis, **475**

Audit of neonatal intensive care transport: *personal practice*, **F61**

Autoimmune enteropathy, Systemic vasculitis complicating infantile autoimmune enteropathy, **534**

Autoimmune haemolytic anaemia, Autoimmune haemolytic anaemia in a child with MHC class II deficiency, **339**

Autologous transfusion, Autologous transfusion and reducing allogeneic blood exposure: *annotation*, **105**

Axillary temperatures, Chemical and glass thermometers for axillary temperatures: how do they compare?, **259**

Bacillus Calmette-Guerin, Efficacy of BGC: *Archivist*, **7**

Behaviour disorders, Prevalence of behaviour disorders in low birthweight infants: *correspondence*, **386**

Beliefs, Attitudes and beliefs of Muslim mothers towards pregnancy and infancy: *personal practice*, **170**: *correspondence*, **559**

Beta-sympathomimetics, Do maternal ß-sympathomimetics influence the development of retinopathy in the premature infant? *correspondence*, **F149**

Biosynthetic human growth hormone, Biosynthetic human growth hormone treatment in the UK: an audit of current practice: *current topic*, **266**

Birth weight, Birth weight and head circumference standards for English twins, **516**

Blood disorders, The use of haemopoietic growth factors in blood disorders: *personal practice*, **543**

Blood flow

Effects of polycythaemia and haemodilution on circulation in neonates, **F53**

Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**

Blood group antibody, Hydrops fetalis caused by a blood group antibody usually undetected in routine screening, **F216**

Blood transfusion, Autologous transfusion and reducing allogeneic blood exposure: *annotation*, **105**

Body temperature

Acute changes in oxygen consumption and body temperature after burn injury, **31**

Body temperature changes before minor illness in infants, **80**

Bone marrow suppression, Bone marrow suppression induced by high dose valproic acid, **153**

Bone marrow transplant, A survey of recommendations given to patients going home after bone marrow transplant, **529**

Bone metabolism and mineralisation, Bone metabolism and mineralisation after cytotoxic chemotherapy including ifosfamide, **346**

Brachyolmia, Toledo type brachyolmia, **448**

Brain stem auditory evoked potentials, Effect of aminophylline on brain stem auditory evoked potentials in preterm infants, **F20**

Brainsparing, Effect of fetal brainsparing on the early neonatal cerebral circulation, **F11**

Breast feeding, Is breast feeding beneficial in the UK? *regular review*, **376**

Breathing, Why block a small hole? The adverse effects of nasogastric tubes: *annotation*, **393**

British Paediatric Association, A BPA survey of recently appointed consultants, **381**

Bronchial hyperreactivity, Blood eosinophils, leukotriene C_4 generation, and bronchial hyperreactivity in formerly preterm infants, **506**

Bronchial lavage, Analysis of cells obtained by bronchial lavage of infants with respiratory syncytial virus infection, **428**

Bronchiolitis

Management of acute bronchiolitis: *personal practice*, **463**

Why block a small hole? The adverse effects of nasogastric tubes: *annotation*, **393**

Bronchopulmonary dysplasia, Poor prognosis after prolonged ventilation for bronchopulmonary dysplasia, **F210**

Brucella, Acute hepatitis due to brucella in a 2 year old child: *correspondence*, **387**

Burn injury, Acute changes in oxygen consumption and body temperature after burn injury, **31**

C reactive protein, Immunisation and C reactive protein in infants on neonatal intensive care units: *correspondence*, **F149**

Calcium, Neonatal and maternal platelet cytosolic calcium in normotensive and hypertensive pregnancies, **F6**

Cancer

Gene therapy for cancers: *annotation*, **485**

Is the risk of cancer increased in Asians living in the UK?, **398**

Preventative policies in transfusion associated graft versus host disease in the treatment of cancer, **532**

Carbamazepine, Carbamazepine, phenytoin, and the fetus: *Archivist*, **49**

Carbohydrate deficient glycoprotein syndrome type II, Carbohydrate deficient glycoprotein syndrome type II: a deficiency in Golgi localised *N*-acetyl-glucosaminyltransferase II, **123**

Carbon monoxide poisoning, Carbon monoxide poisoning in two children riding in the back of a van: *correspondence*, **482**

Cardiac output, Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**

Cardiotoxicity, Anthracyclines: cardiotoxicity and its prevention: *current topic*, **457**
Cardiovascular abnormalities
Cardiovascular abnormalities in end stage renal failure: the effect of anaemia or uraemia?, **119**
Prevalence of cardiovascular malformations and association with karyotypes in Turner's syndrome, **433**
Central nervous system tumours, Central nervous system tumours lack national studies: *correspondence*, **95**, **482**
Cerebral arteries, Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**
Cerebral autoregulation, Cerebral autoregulation of preterm neonates – a non-linear control system? *correspondence*, **F150**
Cerebral blood flow, Cerebral Doppler and misrepresentation of flow changes, **F103**
Cerebral blood flow velocity, Cerebral autoregulation of preterm neonates – a non-linear control system? *correspondence*, **F150**
Cerebral circulation, Effect of fetal brainsparing on the early neonatal cerebral circulation, **F11**
Cerebral palsy
Mitochondrial DNA 8993 (NARP) mutation presenting with a heterogeneous phenotype including 'cerebral palsy', **419**
Orthopaedic management of cerebral palsy: *annotation*, **396**
Osteopenia in cerebral palsy, **235**
Cerebrospinal fluid, Human cytomegalovirus DNA in cerebrospinal fluid, **414**
Chemotherapy, Audit of guidelines for effective control of chemotherapy and radiotherapy induced emesis, **475**
Child care centre, Invasive group A streptococcus carriage in a child care centre after a fatal case, **318**
Child health
Child health in Malaysia, **452**
Child health statistical review: *regular review*, **548**
Children's day care centres, How many inpatient paediatric units do we need? *personal view*, **360**
Chloral, Sedation for investigations: prolonged effect of chloral and trimeprazine: *correspondence*, **179**
Cholesterol screening, Cholesterol screening and family history of vascular disease, **239**
Chromosome abnormalities
Trisomy 22 and intersex, **F57**
Umbilical cord ulceration in association with intestinal atresia in a child with deletion 13q and Hirschsprung's disease, **F212**
Chronic lung disease, Surfactant phosphatidylcholine composition during dexamethasone treatment in chronic lung disease, **F114**
Chronic neonatal lung disease, Prediction of chronic neonatal lung disease in very low birthweight neonates using clinical and radiological variables, **F36**
Chronic suppurative lung disease, Aetiology of chronic suppurative lung disease: *correspondence*, **179**
Clinical standards, Clinical standards in the reformed NHS: *current topic*, **275**
Clinical terms, Read clinical terms and child health: *current topic*, **272**
Clonality, The importance of clonality – Langerhans' cell histiocytosis: *Archivist*, **427**
Cogan's syndrome, Cogan's syndrome: a rare systemic vasculitis, **163**
Cognitive abilities, Cognitive abilities associated with the Silver-Russell syndrome, **490**
Collagen turnover, The insulin-like growth factor axis and collagen turnover during prednisolone treatment, **409**
Collins, Dr Robert, Dr Robert Collins (1801-1868) and his Rotunda obstetric report: *perinatal lessons from the past*, **F67**
Computers, Read clinical terms and child health: *current topic*, **272**
Congenital heart disease
Death in infancy from unrecognised congenital heart disease, **3**
Presentation of obstructive left heart malformations in infancy, **F179**
Quality of life in surgically palliated complex congenital heart disease: *correspondence*, **482**
Congenital hip dysplasia, Role of ultrasound in congenital hip dysplasia: *correspondence*, **180**
Consent, EMLA and informed consent in neonates: *correspondence*, **F233**
Constipation, Is encopresis always the result of constipation?, **186**
Constitutional delay of growth and puberty
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Consultants, A BPA survey of recently appointed consultants, **381**
Continuous electroencephalography, Prognostic value of continuous electroencephalographic recording in full term infants with hypoxic ischaemic encephalopathy, **F97**
Cord care, Antiseptic cord care reduces bacterial colonisation but delays cord detachment: *correspondence*, **F70**
Corticosteroids, Alternative treatment to corticosteroids in steroid sensitive idiopathic nephrotic syndrome, **522**
Cortisol, Oestrogen and cortisol producing adrenal tumour, **358**
Cough, Cough but is it asthma: *correspondence*, **283**
Critically ill, Adverse events occurring during interhospital transfer of the critically ill, 8: *correspondence*, **559**
Croatian community, Child casualties in a Croatian community during the 1991-2 war: *personal experience*, **540**
Crohn's disease
Cyclosporin as initial treatment for Crohn's disease, **243**
Use of enteric coated prednisolone in Crohn's disease: *correspondence*, **282**
Cromoglycate, Efficacy of cromoglycate in persistently wheezing infants, **331**
Cup feeding, Cup feeding: an alternative method of infant feeding: *personal practice*, **365**
Curosurf, Comparison of surface properties and physiological effects of a synthetic and a natural surfactant in preterm rabbits, **F165**
Cyanotic heart disease, Impact of cyanotic heart disease on school performance, **64**
Cycle helmet wearing, Cycle helmet wearing in teenagers – do health beliefs influence behaviour? *personal view*, **536**
Cyclosporin, Cyclosporin as initial treatment for Crohn's disease, **243**
Cystic adenomatoid malformation
Accuracy of prenatal diagnosis of congenital cystic adenomatoid malformation, **F111**
Selective intubation in a case of cystic adenomatoid malformation: *correspondence*, **F70**
Cystic fibrosis
Evaluation of two commercial jet nebulisers and three compressors for the nebulisation of antibiotics, **335**
Interleukin-1α, soluble interleukin-2 receptor, and IgG concentrations in cystic fibrosis treated with prednisolone, **35**
Liver transplantation for hepatic cirrhosis in cystic fibrosis, **349**
Passive smoking and impaired lung function in cystic fibrosis, **353**
Pulmonary function in infants with cystic fibrosis: the effect of antibiotic treatment, **133**
Cystic periventricular leukomalacia, Hypocarbia and cystic periventricular leukomalacia in premature infants, **F107**
Cytomegalovirus DNA, Human cytomegalovirus DNA in cerebrospinal fluid, **414**
Cytotoxic chemotherapy, Bone metabolism and mineralisation after cytotoxic chemotherapy including ifosfamide, **346**

Dangerous sleeping environments, Potentially dangerous sleeping environments and accidental asphyxia in infancy and early childhood, **497**
Daunorubicin, Anthracyclines: cardiotoxicity and its prevention: *current topic*, **457**
Daytime sleepiness, Natural history of snoring and related behaviour problems between the ages of 4 and 7 years, **74**
Death in infancy, Death in infancy from unrecognised congenital heart disease, **3**
Decisions, Probability and decisions: *statistics from the inside*, **90**
Defecation, A prospective study on defecation frequency, stool weight, and consistency, **311**
Development, Developmental setback in severe visual impairment: *correspondence*, **179**
Dexamethasone, Surfactant phosphatidylcholine composition during dexamethasone treatment in chronic lung disease, **F114**
Diabetes
Circulating lipids and glycaemic control in insulin dependent diabetic children, **108**
Diabetes in pregnancy, **F224**
Fructosamine and glycated haemoglobin in the assessment of long term glycaemic control in diabetes, **443**
Inpatient psychiatric treatment for diabetic teenagers: *personal practice*, **470**
Interval between insulin injection and breakfast in diabetes, **248**
Pupil size in diabetes, **511**
Diabetes insipidus, Symptoms of diabetes insipidus: *correspondence*, **282**
Diarrhoea, Systemic vasculitis complicating infantile autoimmune enteropathy, **534**
Dilemma in medicine, The line between 'knowing' and 'doing': medicine's dilemma at the end of the twentieth century: *Windermere Lecture 1994*, **261**
Dipstick test, Dipstick test for malaria: *Archivist*, **30**
DNA probe p13E-11 (D4F104S1), De novo facioscapulohumeral muscular dystrophy defined by DNA probe p13E-11 (D4F104S1), **221**
DNase I, Jet nebulising systems for recombinant human DNase I: *correspondence*, **558**
Doing, The line between 'knowing' and 'doing': medicine's dilemma at the end of the twentieth century: *Windermere Lecture 1994*, **261**
Doppler ultrasound, Cerebral Doppler and misrepresentation of flow changes, **F103**

Down's syndrome, Down's syndrome: *Archivist*, **357**
Doxorubicin, Anthracyclines: cardiotoxicity and its prevention: *current topic*, **457**
Drug absorption, Percutaneous drug absorption and administration: *annotation*, **F73**
Drug delivery, Influence of spacer device on drug delivery to young children with asthma, **217**
Dutch patients, Impaired prenatal and postnatal growth in Dutch patients with phenylketonuria, **114**

Ectodermal dysplasia, Ectodermal dysplasia: *annotation*, **1**
Electrolytes, Concentration of electrolytes in the sweat of malnourished children, **141**
Emesis, Audit of guidelines for effective control of chemotherapy and radiotherapy induced emesis, **475**
EMLA, EMLA and informed consent in neonates: *correspondence*, **F233**
Encopresis
Is encopresis always the result of constipation?, **186**
Social and emotional impact of faecal incontinence after surgery for anorectal abnormalities, **194**
End stage renal failure, Cardiovascular abnormalities in end stage renal failure: the effect of anaemia or uraemia?, **119**
Endocrine dysfunction, Relationship of endocrinopathy to iron chelation status in young patients with thalassaemia major, **128**
Endotracheal tube, First thoracic vertebral body as reference for endotracheal tube placement, **F32**
Enteric coated prednisolone, Use of enteric coated prednisolone in Crohn's disease: *correspondence*, **282**
Enteropathy, Systemic vasculitis complicating infantile autoimmune enteropathy, **534**
Eosinophils, Blood eosinophils, leukotriene C_4 generation, and bronchial hyperreactivity in formerly preterm infants, **506**
Epidermal growth factor, Immunohistochemical localisation of epidermal growth factor and its receptor in the developing human stomach: *correspondence*, **F69**
Epilepsy, Epilepsy with myoclonic absences: *correspondence*, **180**
Erythromycin, Erythromycin in neonatal postoperative intestinal dysmotility, **F128**
Ethical conduct, Guidelines for ethical conduct of medical research in children: *correspondence*, **282**
Ethnic origin, Effect of ethnic origin of mother on fetal outcome: *correspondence*, **F69**
Exosurf
Comparison of surface properties and physiological effects of a synthetic and a natural surfactant in preterm rabbits, **F165**
Instillation rate effects of Exosurf on cerebral and cardiovascular haemodynamics in preterm neonates, **F174**
Expiratory times, Computerised determination of spontaneous inspiratory and expiratory times in premature neonates during intermittent positive pressure ventilation. I: a new technique, **F156**; II: results from 20 babies, **F161**
Extracorporeal membrane oxygenation, Pathological complications of non-survivors of newborn extracorporeal membrane oxygenation, **F88**
Extraembryonic coelomic fluid, Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**
Extrahepatic portal vein thrombosis, Long term outcome after surgery for extrahepatic portal vein thrombosis, **437**

Facial palsy, Treatment of infants with facial palsy: *personal practice*, **277**
Facioscapulohumeral muscular dystrophy, De novo facioscapulohumeral muscular dystrophy defined by DNA probe p13E-11 (*D4F104S1*), **221**
Faecal incontinence
Is encopresis always the result of constipation?, **186**
Social and emotional impact of faecal incontinence after surgery for anorectal abnormalities, **194**
Familial adenomatous polyposis, Familial adenomatous polyposis: *annotation*, **103**
Fear of needles, Guidelines for ethical conduct of medical research in children: *correspondence*, **282**
Fetal hearing, Development of fetal hearing, **F81**
Fetal hydantoin syndrome, Carbamazepine, phenytoin, and the fetus: *Archivist*, **49**
Fetal marrow suppression, Fetal marrow suppression after maternal chemotherapy for leukaemia, **F209**
Fetal outcome, Effect of ethnic origin of mother on fetal outcome: *correspondence*, **F69**
First thoracic vertebral body, First thoracic vertebral body as reference for endotracheal tube placement, **F32**
Food, Management of anaphylactic reactions to food: *personal practice*, **370**
Fractures
Skull fractures in infancy: *correspondence*, **95**
Unfriendly incubators: *correspondence*, **F148**
Fresh frozen plasma, Fresh frozen plasma and neonatal sepsis: *correspondence*, **F233**
Fructosamine, Fructosamine and glycated haemoglobin in the assessment of long term glycaemic control in diabetes, **443**
Fungal infections, Systemic fungal infections in neonates: *current topic*, **F130**

Gastric emptying, Gastric emptying in preterm infants, **F24**
Gastric ontogeny, Gastric ontogeny: clinical implications: *current topic*, **F136**
Gastroenteritis, Oral immunoglobulins for rotavirus gastroenteritis: *Archivist*, **118**
Gastrointestinal arteries, Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**
Gene therapy, Gene therapy for cancers: *annotation*, **485**
Genital examination, Genital examination under ketamine sedation in cases of suspected sexual abuse: *correspondence*, **481**
Glucocorticoid, Rapid diagnosis of glucocorticoid suppressible hyperaldosteronism in infants and adolescents, **40**
Glucose-6-phosphate dehydrogenase deficiency, Neonatal screening for glucose-6-phosphate dehydrogenase deficiency: sex distribution, **F59**
Glycaemic control, Circulating lipids and glycaemic control in insulin dependent diabetic children, **108**
Glycated haemoglobin, Fructosamine and glycated haemoglobin in the assessment of long term glycaemic control in diabetes, **443**
Glycogenosis type IV, Glycogenosis type IV: liver transplant at 12 years, **450**
Graft versus host disease, Preventive policies in transfusion associated graft versus host disease in the treatment of cancer, **532**
Grantly Dick-Read, Dr Grantly Dick-Read (1890-1959) of Norfolk and natural childbirth: *perinatal lessons from the past*, **F145**
Group A streptococcus carriage, Invasive group A streptococcus carriage in a child care centre after a fatal case, **318**
Growth
Delayed adolescent growth in homozygous sickle cell disease, **404**
Impaired prenatal and postnatal growth in Dutch patients with phenylketonuria, **114**
Infant growth charts, **159**
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Short term growth: rhythms, chaos, or noise? *current topic*, **84**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Growth hormone
Biosynthetic human growth hormone treatment in the UK: an audit of current practice: *current topic*, **266**
Comparative effect of two doses of growth hormone for growth hormone deficiency, **12**
Growth and metabolic consequences of growth hormone treatment in prepubertal short normal children, **201**

Haemodilution, Effects of polycythaemia and haemodilution on circulation in neonates, **F53**
Haemodynamics, Instillation rate effects of Exosurf on cerebral and cardiovascular haemodynamics in preterm neonates, **F174**
Haemophilus parainfluenzae, *Haemophilus parainfluenzae*: correspondence, **95**
Haemopoietic growth factors, The use of haemopoietic growth factors in blood disorders: *personal practice*, **543**
Hantavirus, Drought, deer mice, and a new disease in Death Canyon: *Archivist*, **392**
Head circumference, Birth weight and head circumference standards for English twins, **516**
Hearing, Development of fetal hearing, **F81**
Heel blood sampling, Heel blood sampling in preterm infants: which technique? **F206**
Hepatic cirrhosis, Liver transplantation for hepatic cirrhosis in cystic fibrosis, **349**
Hepatitis, Acute hepatitis due to brucella in a 2 year old child: *correspondence*, **387**
High altitude, Clinical predictors of acute radiological pneumonia and hypoxaemia at high altitude, **323**
Highlands of Scotland, Prevalence of asthma and wheeze in the Highlands of Scotland, **211**
Hip dysplasia, Role of ultrasound in congenital hip dysplasia: *correspondence*, **180**
Hips, painful/irritable, Management of irritable hip: a review of hospital admission policy, **59**
Hirschsprung's disease, Umbilical cord ulceration in association with intestinal atresia in a child with deletion 13q and Hirschsprung's disease, **F212**
Histiocytosis X, The importance of clonality – Langerhans' cell histiocytosis: *Archivist*, **427**

Home neonatal intensive care, Withdrawal of neonatal intensive care in the home: *personal practice*, **F142**
Human milk, *IgA antibodies in human milk: epidemiological markers of* previous infections? **F192**
Hydrops fetalis
Diagnosis of non-immune hydrops in the newborn: *correspondence*, **F71, F148, F149**
Hydrops fetalis caused by a blood group antibody usually undetected in routine screening, **F216**
Hyperactivity, Natural history of snoring and related behaviour problems between the ages of 4 and 7 years, **74**
Hyperaldosteronism, Rapid diagnosis of glucocorticoid suppressible *hyperaldosteronism in infants and adolescents*, **40**
Hypersomnia, Kleine-Levin syndrome: a cause of diagnostic confusion, **355**
Hypertensive pregnancies, Neonatal and maternal platelet cytosolic calcium in normotensive and hypertensive pregnancies, **F6**
Hypertrophic cardiomyopathy, *Hypertrophic cardiomyopathy: annotation*, **488**
Hypocarbia, Hypocarbia and cystic periventricular leukomalacia in *premature infants*, ***F107***
Hypogammaglobulinaemia, Hypogammaglobulinaemia associated with normal or increased IgM (*the hyper IgM syndrome*): a case series review, **150**
Hypothyroidism, Intellectual development at 10 years in early treated *congenital hypothyroidism*, **232**
Hypoxaemia, Clinical predictors of acute radiological pneumonia and hypoxaemia at high altitude, **323**
Hypoxia, Effects of magnesium sulphate and nitric oxide in pulmonary hypertension induced by hypoxia in newborn piglets, **F151**
Hypoxic ischaemic encephalopathy
Excessive rates of asphyxia – anecdote or fact? *correspondence*, **F148**
Prognostic value of continuous electroencephalographic recording in full term infants with hypoxic ischaemic encephalopathy, **F97**

Idiopathic thrombocytopenic purpura, Intracranial haemorrhage in *idiopathic thrombocytopenic purpura*, **251**
Ifosfamide, Bone metabolism and mineralisation after cytotoxic chemo*therapy including ifosfamide*, **346**
Immunisation, Immunisation and C reactive protein in infants on neonatal intensive care units: *correspondence*, **F149**
Immunoglobulin A antibodies, Iga antibodies in human milk: epidemiological markers of previous infections? **F192**
Immunoglobulin G, *Interleukin-1α, soluble interleukin-2 receptor, and* IgG concentrations in cystic fibrosis treated with prednisolone, **35**
Immunoglobulin M, *Hypogammaglobulinaemia associated with normal* or increased IgM (the hyper IgM syndrome): a case series review, **150**
Immunoglobulins, Oral immunoglobulins for rotavirus gastroenteritis: *Archivist*, **118**
Incubators, *Unfriendly incubators: correspondence*, ***F148***
Infancy, Attitudes and beliefs of Muslim mothers towards pregnancy and infancy: *personal practice*, **170**: *correspondence*, **559**
Infant feeding, Cup feeding: an alternative method of infant feeding: *personal practice*, **365**
Infections, *IgA antibodies in human milk: epidemiological markers of* previous infections? **F192**
Inflammatory bowel disease, Primary sclerosing cholangitis in childhood inflammatory bowel disease: *correspondence*, **281**
Information technology, Read clinical terms and child health: *current topic*, **272**
Informed consent, EMLA and informed consent in neonates: *correspondence*, **F233**
Inherited metabolic disease, Organ transplantation for inherited metabolic disease: *annotation*, **181**
Injuries, Patterns of injuries to children on public playgrounds, **328**
Inpatient paediatric units, How many inpatient paediatric units do we need? *personal view*, **360**
Inspiratory pressures, *Infant sleeping position and inspiratory pressures* in the upper airways and oesophagus, **138**
Inspiratory times, Computerised determination of spontaneous inspiratory and expiratory times in premature neonates during intermittent positive pressure ventilation. I: a new technique, **F156**; II: *results from 20 babies*, ***F161***
Insulin-breakfast interval, Interval between insulin injection and breakfast in diabetes, **248**
Insulin dependent diabetic children, Circulating lipids and glycaemic control in insulin dependent diabetic children, **108**
Insulin-like growth factor, *The insulin-like growth factor axis and* collagen turnover during prednisolone treatment, **409**
Insulin-like growth factor I, Long term follow up in type A insulin resistant syndrome treated by insulin-like growth factor I, **144**
Intellectual development, Intellectual development at 10 years in early treated congenital hypothyroidism, **232**
Intensive care
Adverse events occurring during interhospital transfer of the critically *ill*, **8**: *correspondence*, **559**
Audit of neonatal intensive care transport: *personal practice*, **F61**
Paediatric intensive care transport: *personal practice*, **175**
Interhospital transfer
Adverse events occurring during interhospital transfer of the critically *ill*, **8**: *correspondence*, **559**
Audit of neonatal intensive care transport: *personal practice*, **F61**
Interleukin-1α, Interleukin-1α, soluble interleukin-2 receptor, and IgG concentrations in cystic fibrosis treated with prednisolone, **35**
Intermittent positive pressure ventilation, Computerised determination of spontaneous inspiratory and expiratory times in premature neonates during intermittent positive pressure ventilation. I: a new technique, **F156**; II: results from 20 babies, **F161**
Intersex, Trisomy 22 and intersex, **F57**
Intestinal atresia, Umbilical cord ulceration in association with intesti*nal atresia in a child with deletion 13q and Hirschsprung's disease*, **F212**
Intestinal dysmotility, Erythromycin in neonatal postoperative intesti*nal dysmotility*, ***F128***
Intracranial haemorrhage, Intracranial haemorrhage in idiopathic *thrombocytopenic purpura*, **251**
Intubation, Selective intubation in a case of cystic adenomatoid malformation: *correspondence*, **F70**
Iodine, Iodine content of infant formulas and iodine intake of premature babies: high risk of iodine deficiency, **F184**
Iron chelation, Relationship of endocrinopathy *to iron chelation status* in young patients with thalassaemia major, **128**
Irritable hip, Management of irritable hip: a review of hospital *admission policy*, **59**

Jamaica, Community based, effective, low cost approach to the treatment of severe malnutrition in rural Jamaica, **297**
James Spence Medallist 1994, *Professor Edward Osmund Royle* Reynolds, **101**
Jet nebulisers, Evaluation of two commercial jet nebulisers and three compressors for the nebulisation of antibiotics, **335**
Jet nebulising systems, Jet nebulising systems for recombinant human *DNase I: correspondence*, **558**

Ketamine sedation, Genital examination under ketamine sedation in cases of suspected sexual abuse: *correspondence*, **481**
Kleine-Levin syndrome, *Kleine-Levin syndrome: a cause of diagnostic* confusion, **355**
Knowing, The line between 'knowing' and 'doing': medicine's dilemma at the end of the twentieth century: *Windermere Lecture 1994*, **261**
Kpa red blood cell antigen, Hydrops fetalis caused by a blood group *antibody usually undetected in routine screening*, ***F216***

Langerhans' cell histiocytosis, The importance of clonality – Langerhans' cell histiocytosis: *Archivist*, **427**
Left ventricular preload reserve, *Left ventricular preload reserve in* preterm infants with patent ductus arteriosus, **F118**
Leukaemia
Detection of pneumocystis DNA in nasopharyngeal aspirates of leukaemic infants with pneumonia, **254**
Fetal marrow suppression after maternal chemotherapy for leukaemia, **F209**
Malnutrition as a prognostic factor in lymphoblastic leukaemia: a *multivariate analysis*, **304**
Patterns of obesity in boys and girls after treatment for acute lymphoblastic leukaemia, **147**
Studies on the cure rates in acute lymphoblastic leukaemia in children from urban and rural areas: *correspondence*, **386**
Leukotriene C_4 generation, *Blood eosinophils, leukotriene C_4 generation*, and bronchial hyperreactivity in formerly preterm infants, **506**
Life threatening events, Surfactant abnormalities in ALTE and SIDS, ***501***
Lignocaine, Percutaneous lignocaine absorption in newborn infants, **F122**
Lipid peroxidation, Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant: *correspondence*, ***F234***
Lipids, Circulating lipids and glycaemic control in insulin dependent diabetic children, **108**
Lithium, Kleine-Levin syndrome: a cause of diagnostic confusion, **355**
Liver transplantation
Glycogenosis type IV: liver transplant at 12 years, **450**
Liver transplantation for hepatic cirrhosis in cystic fibrosis, **349**
Organ transplantation for inherited metabolic disease: *annotation*, **181**
Low birthweight infants, Prevalence of behaviour disorders in low birthweight infants: *correspondence*, **386**

Lung disease
Prediction of chronic neonatal lung disease in very low birthweight neonates using clinical and radiological variables, **F36**
Surfactant phosphatidylcholine composition during dexamethasone treatment in chronic lung disease, **F114**
Lung function
Passive smoking and impaired lung function in cystic fibrosis, **353**
Pulmonary function in infants with cystic fibrosis: the effect of antibiotic treatment, **133**
Lymphoedema, The swollen leg and primary lymphoedema, **44**

Magnesium sulphate, Effects of magnesium sulphate and nitric oxide in pulmonary hypertension induced by hypoxia in newborn piglets, **F151**
Malaria, Dipstick test for malaria: *Archivist*, **30**
Malaysia, Child health in Malaysia, **452**
Malnutrition
Community based, effective, low cost approach to the treatment of severe malnutrition in rural Jamaica, **297**
Concentration of electrolytes in the sweat of malnourished children, **141**
Malnutrition as a prognostic factor in lymphoblastic leukaemia: a multivariate analysis, **304**
Manganese, Manganese in long term paediatric parenteral nutrition, **527**
Maternal serum, Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**
Medical research, Guidelines for ethical conduct of medical research in children: *correspondence*, **282**
Medicine's dilemma, The line between 'knowing' and 'doing': medicine's dilemma at the end of the twentieth century: *Windermere Lecture 1994*, **261**
Meningitis, Neonatal meningitis in England and Wales: a review of routine national data, **F75**
Meningoencephalitis, Rifampicin in pneumococcal meningoencephalitis, **77**
Metabolic consequences, Growth and metabolic consequences of growth hormone treatment in prepubertal short normal children, **201**
Methadone, Neonatal abstinence syndrome after maternal methadone treatment, **F203**
MHC class II deficiency, Autoimmune haemolytic anaemia in a child with MHC class II deficiency, **339**
Microvillous inclusion disease, Siblings with microvillous inclusion disease, **71**
Minor illness, Body temperature changes before minor illness in infants, **80**
Mitochondrial DNA 8993 (NARP) mutation, Mitochondrial DNA 8993 (NARP) mutation presenting with a heterogeneous phenotype including 'cerebral palsy', **419**
Mononucleosis, Causes of mononucleosis: *Archivist*, **132**
Muslim mothers, Attitudes and beliefs of Muslim mothers towards pregnancy and infancy: *personal practice*, **170**: *correspondence*, **559**
Mycoplasma pneumoniae, *Mycoplasma pneumoniae*: *correspondence*, **281**
Myoclonic absences, Epilepsy with myoclonic absences: *correspondence*, **180**

***N*-acetyl-glucosaminyltransferase II**, Carbohydrate deficient glycoprotein syndrome type II: a deficiency in Golgi localised *N*-acetylglucosaminyltransferase II, **123**
NARP mutation, Mitochondrial DNA 8993 (NARP) mutation presenting with a heterogeneous phenotype including 'cerebral palsy', **419**
Nasogastric tubes, Why block a small hole? The adverse effects of nasogastric tubes: *annotation*, **393**
Nasopharyngeal aspirates, Detection of pneumocystis DNA in nasopharyngeal aspirates of leukaemic infants with pneumonia, **254**
National Health Service, Clinical standards in the reformed NHS: *current topic*, **275**
Natural childbirth, Dr Grantly Dick-Read (1890-1959) of Norfolk and natural childbirth: *perinatal lessons from the past*, **F145**
Nebulisation, Evaluation of two commercial jet nebulisers and three compressors for the nebulisation of antibiotics, **335**
Needle aspiration, Needle aspiration for suppurative post-BCG adenitis, **446**
Neonatal abstinence syndrome, Neonatal abstinence syndrome after maternal methadone treatment, **F203**
Neonatal intensive care
Withdrawal of neonatal intensive care in the home: *personal practice*, **F142**
Withholding and withdrawing life sustaining treatment in neonatal intensive care: issues for the 1990s: *current topic*, **F218**
Neonatal intensive care units, Immunisation and C reactive protein in infants on neonatal intensive care units: *correspondence*, **F149**
Neonatal meningitis, Neonatal meningitis in England and Wales: a review of routine national data, **F75**
Neonatal screening, Neonatal screening for glucose-6-phosphate dehydrogenase deficiency: sex distribution, **F59**
Neonatal transport, Neonatal transport: safety and security: *correspondence*, **F147**
Neontal intensive care transport, Audit of neonatal intensive care transport: *personal practice*, **F61**
Neural tube defect registers, Use of local neural tube defect registers to interpret national trends, **F198**
Neuroblastoma, Screening for neuroblastoma – biological characteristics of the tumours: *Archivist*, **469**
Neutropenia, Fetal marrow suppression after maternal chemotherapy for leukaemia, **F209**
Nitric oxide, Effects of magnesium sulphate and nitric oxide in pulmonary hypertension induced by hypoxia in newborn piglets, **F151**
Nomogram, Surface area is best estimated from weight alone: pocket calculators and nomograms are unnecessary: *correspondence*, **281**
Non-immune hydrops, Diagnosis and management of non-immune hydrops in the newborn: *correspondence*, **F71**, **F148**, **F149**
Nursing position, Effect of nursing position on incidence, type, and duration of clinically significant apnoea in preterm infants, **F16**
Nutrition, Role of nutritional programming in determining adult morbidity: *annotation*, **288**

Obesity, Patterns of obesity in boys and girls after treatment for acute lymphoblastic leukaemia, **147**
Obstructive left heart malformations, Presentation of obstructive left heart malformations in infancy, **F179**
Oestrogen, Oestrogen and cortisol producing adrenal tumour, **358**
Oral rehydration therapy, Is rice based oral rehydration therapy effective in young infants?, **19**
Organ transplantation, Organ transplantation for inherited metabolic disease: *annotation*, **181**
Orthopaedic management, Orthopaedic management of cerebral palsy: *annotation*, **396**
Osteopenia, Osteopenia in cerebral palsy, **235**
Outcome
Factors affecting survival and outcome at 3 years in extremely preterm infants, **F28**
High plasma vitamin C concentrations at birth associated with low antioxidant status and poor outcome in premature infants, **F40**
Ovarian maturity, Use of pelvic ultrasound to monitor ovarian and uterine maturity in childhood onset anorexia nervosa, **228**
Oxandrolone
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Oxygen, Acute changes in oxygen consumption and body temperature after burn injury, **31**
Oxygen free radicals, Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant: *correspondence*, **F234**
Oxygen transport, Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**

Paediatric admission, Appropriateness of paediatric admission, **50**
Paediatric intensive care, Patient characteristics and resource utilisation in paediatric intensive care, **291**
Papillary thyroid cacinoma, Papillary thyroid carcinoma after total body irradiation, **256**
Paré, Ambroise, Ambroise Paré (1510-1590): surgeon and obstetrician of the Renaissance: *perinatal lessons from the past*, **F231**
Parenteral nutrition, Manganese in long term paediatric parenteral nutrition, **527**
Parvovirus B19 infection, Parvovirus B19 infection in pregnancy, **F1**
Passive smoking, Passive smoking and impaired lung function in cystic fibrosis, **353**
Patent ductus arteriosus
Left ventricular preload reserve in preterm infants with patent ductus arteriosus, **F118**
Patent ductus arteriosus in the newborn: *correspondence*, **F71**
Patient characteristics, Patient characteristics and resource utilisation in paediatric intensive care, **291**
Pelvic ultrasound, Use of pelvic ultrasound to monitor ovarian and uterine maturity in childhood onset anorexia nervosa, **228**
Percutaneous drug absorption, Percutaneous drug absorption and administration: *annotation*, **F73**
Perinatal asphyxia, Perinatal asphyxia in less developed countries: *annotation*, **F1**

Peroxisomal disorder, A new peroxisomal disorder with fetal and neonatal adrenal insufficiency, **F55**
Phenylketonuria, Impaired prenatal and postnatal growth in Dutch patients with phenylketonuria, **114**
Phenytoin, Carbamazepine, phenytoin, and the fetus: *Archivist*, **49**
Phosphatidylcholine, Surfactant phosphatidylcholine composition during dexamethasone treatment in chronic lung disease, **F114**
Platelet cytosolic calcium, Neonatal and maternal platelet cytosolic calcium in normotensive and hypertensive pregnancies, **F6**
Playgrounds, Patterns of injuries to children on public playgrounds, **328**
Pneumococcal meningoencephalitis, Rifampicin in pneumococcal meningoencephalitis, **77**
Pneumocystis DNA, Detection of pneumocystis DNA in nasopharyngeal aspirates of leukaemic infants with pneumonia, **254**
Pneumonia, Clinical predictors of acute radiological pneumonia and hypoxaemia at high altitude, **323**
Pocket calculator, Surface area is best estimated from weight alone: pocket calculators and nomograms are unnecessary: *correspondence*, **281**
Polycythaemia, Effects of polycythaemia and haemodilution on circulation in neonates, **F53**
Post-BCG adenitis, Needle aspiration for suppurative post-BCG adenitis, **446**
Posthaemorrhagic ventricular dilatation, Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months: *correspondence*, **F147**
Prader-Willi syndrome, Diagnosis in Prader-Willi syndrome, **441**
Prednisolone
Interleukin-1α, soluble interleukin-2 receptor, and IgG concentrations in cystic fibrosis treated with prednisolone, **35**
The insulin-like growth factor axis and collagen turnover during prednisolone treatment, **409**
Use of enteric coated prednisolone in Crohn's disease: *correspondence*, **282**
Pregnancy
Attitudes and beliefs of Muslim mothers towards pregnancy and infancy: *personal practice*, **170**: *correspondence*, **559**
Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**
Diabetes in pregnancy, **F224**
Neonatal and maternal platelet cytosolic calcium in normotensive and hypertensive pregnancies, **F6**
Parvovirus B19 infection in pregnancy, **F1**
Prenatal diagnosis, Accuracy of prenatal diagnosis of congenital cystic adenomatoid malformation, **F111**
Preschool children, Wheeze in preschool children and its relation with doctor diagnosed asthma, **24**
Preterm infants, Effect of nursing position on incidence, type, and duration of clinically significant apnoea in preterm infants, **F16**
Preterm neonates, Cerebral autoregulation of preterm neonates – a non-linear control system? *correspondence*, **F150**
Primary sclerosing cholangitis, Primary sclerosing cholangitis in childhood inflammatory bowel disease: *correspondence*, **281**
Probability, Probability and decisions: *statistics from the inside*, **90**
Prostacyclin, Aerosolised prostacyclin for pulmonary hypertension in neonates, **F214**
Psychiatric treatment, Inpatient psychiatric treatment for diabetic teenagers: *personal practice*, **470**
Puberty
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Pulmonary function, Pulmonary function in infants with cystic fibrosis: the effect of antibiotic treatment, **133**
Pulmonary hypertension
Aerosolised prostacyclin for pulmonary hypertension in neonates, **F214**
Effects of magnesium sulphate and nitric oxide in pulmonary hypertension induced by hypoxia in newborn piglets, **F151**
Pupil size, Pupil size in diabetes, **511**
Pyelonephritis, Renal scarring after acute pyelonephritis: *correspondence*, **283**, **386**

Quality of life, Quality of life in surgically palliated complex congenital heart disease: *correspondence*, **482**

Radiotherapy, Audit of guidelines for effective control of chemotherapy and radiotherapy induced emesis, **475**
Read clinical terms, Read clinical terms and child health: *current topic*, **272**
Recombinant human DNase I, Jet nebulising systems for recombinant human DNase I: *correspondence*, **558**
Recommendations, A survey of recommendations given to patients going home after bone marrow transplant, **529**
Rectovaginal fistula, Acquired rectovaginal fistula, **165**
Red cell transfusion, Effects of red cell transfusion on cardiac output and blood flow velocities in cerebral and gastrointestinal arteries in premature infants, **F45**
Rehydration therapy, Is rice based oral rehydration therapy effective in young infants?, **19**
Renal scarring, Renal scarring after acute pyelonephritis: *correspondence*, **283**, **386**
Resource utilisation, Patient characteristics and resource utilisation in paediatric intensive care, **291**
Respiratory distress syndrome, Prognostic value of the immediate response to surfactant, **F170**
Respiratory syncytial virus infection, Analysis of cells obtained by bronchial lavage of infants with respiratory syncytial virus infection, **428**
Restless sleep, Natural history of snoring and related behaviour problems between the ages of 4 and 7 years, **74**
Retinopathy, Do maternal ß-sympathomimetics influence the development of retinopathy in the premature infant? *correspondence*, **F149**
Reynolds, Professor Edward Osmund Royle, Professor Edward Osmund Royle Reynolds, James Spence Medallist 1994, **101**
Rice, Is rice based oral rehydration therapy effective in young infants?, **19**
Rifampicin, Rifampicin in pneumococcal meningoencephalitis, **77**
Ritodrine, Do maternal ß-sympathomimetics influence the development of retinopathy in the premature infant? *correspondence*, **F149**
Rotavirus gastroenteritis, Oral immunoglobulins for rotavirus gastroenteritis: *Archivist*, **118**
Rotunda Hospital, Dr Robert Collins (1801-1868) and his Rotunda obstetric report: *perinatal lessons from the past*, **F67**

Salbutamol, Do maternal ß-sympathomimetics influence the development of retinopathy in the premature infant? *correspondence*, **F149**
Scald injuries, Patterns of scald injuries, **156**: *correspondence*, **559**
School performance, Impact of cyanotic heart disease on school performance, **64**
Sedation, Sedation for investigations: prolonged effect of chloral and trimeprazine: *correspondence*, **179**
Sepsis, Fresh frozen plasma and neonatal sepsis: *correspondence*, **F233**
Sexual abuse
Genital examination under ketamine sedation in cases of suspected sexual abuse: *correspondence*, **481**
Transhymenal cultures for sexually transmissible organisms, **423**
Sexual development
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Sexually transmissible organisms, Transhymenal cultures for sexually transmissible organisms, **423**
Sickle cell disease, Delayed adolescent growth in homozygous sickle cell disease, **404**
Silver-Russell syndrome, Cognitive abilities associated with the Silver-Russell syndrome, **490**
Skull fractures, Skull fractures in infancy: *correspondence*, **95**
Sleep, Natural history of snoring and related behaviour problems between the ages of 4 and 7 years, **74**
Sleep disorders, Investigation of sleep disorders including home monitoring: *annotation*, **184**
Sleeping environments, Potentially dangerous sleeping environments and accidental asphyxia in infancy and early childhood, **497**
Sleeping position, Infant sleeping position and inspiratory pressures in the upper airways and oesophagus, **138**
Small bowel biopsy, Intravenous midazolam in small bowel biopsy: *correspondence*, **558**
Smoking, Passive smoking and impaired lung function in cystic fibrosis, **353**
Snoring, Natural history of snoring and related behaviour problems between the ages of 4 and 7 years, **74**
Soluble interleukin-2 receptor, Interleukin-1α, soluble interleukin-2 receptor, and IgG concentrations in cystic fibrosis treated with prednisolone, **35**
Spacer device, Influence of spacer device on drug delivery to young children with asthma, **217**
Statistics, Probability and decisions: *statistics from the inside*, **90**
Steroid sensitive idiopathic nephrotic syndrome, Alternative treatment to corticosteroids in steroid sensitive idiopathic nephrotic syndrome, **522**
Stomach, Immunohistochemical localisation of epidermal growth factor and its receptor in the developing human stomach: *correspondence*, **F69**
Stool weight and consistency, A prospective study on defecation frequency, stool weight, and consistency, **311**

Sudden infant death syndrome, Surfactant abnormalities in ALTE and SIDS, **501**
Surface area estimation, Surface area is best estimated from weight alone: pocket calculators and nomograms are unnecessary: *correspondence*, **281**
Surfactant
Comparison of surface properties and physiological effects of a synthetic and a natural surfactant in preterm rabbits, **F165**
Instillation rate effects of Exosurf on cerebral and cardiovascular haemodynamics in preterm neonates, **F174**
Prognostic value of the immediate response to surfactant, **F170**
Surfactant abnormalities in ALTE and SIDS, **501**
Surfactant phosphatidylcholine composition during dexamethasone treatment in chronic lung disease, **F114**
Survival, Factors affecting survival and outcome at 3 years in extremely preterm infants, **F28**
Sweat, Concentration of electrolytes in the sweat of malnourished children, **141**
Swollen leg, The swollen leg and primary lymphoedema, **44**

Tapping, Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months: *correspondence*, **F147**
Teenagers, Inpatient psychiatric treatment for diabetic teenagers: *personal practice*, **470**
Testosterone undecanoate
Oral treatment for constitutional delay of growth and puberty in boys: a randomised trial of an anabolic steroid or testosterone undecanoate, **315**
Treatment of the short, sexually immature adolescent boy: *annotation*, **285**
Thalassaemia major, Relationship of endocrinopathy to iron chelation status in young patients with thalassaemia major, **128**
Theophylline, Dose conversion from aminophylline to theophylline in preterm infants, **F51**
Thermometers, Chemical and glass thermometers for axillary temperatures: how do they compare?, **259**
Thoracic foregut duplications, Thoracic foregut duplications: *annotation*, **395**
Thrombosis
Long term outcome after surgery for extrahepatic portal vein thrombosis, **437**
Neonatal aortic arch thrombosis, **F125**
Toledo type brachyolmia, Toledo type brachyolmia, **448**
Total body irradiation, Papillary thyroid carcinoma after total body irradiation, **256**
Toxoplasmosis, Neonatal screening for toxoplasmosis: *Archivist*, **413**
Trachea, First thoracic vertebral body as reference for endotracheal tube placement, **F32**
Transfer, Adverse events occurring during interhospital transfer of the critically ill, 8: *correspondence*, **559**
Transfusion
Autologous transfusion and reducing allogeneic blood exposure: *annotation*, **105**
Preventative policies in transfusion associated graft versus host disease in the treatment of cancer, **532**
Transhymenal cultures, Transhymenal cultures for sexually transmissible organisms, **423**
Transplantation, Organ transplantation for inherited metabolic disease: *annotation*, **181**
Transport
Adverse events occurring during interhospital transfer of the critically ill, 8: *correspondence*, **559**
Audit of neonatal intensive care transport: *personal practice*, **F61**
Neonatal transport: safety and security: *correspondence*, **F147**
Paediatric intensive care transport: *personal practice*, **175**
Trimeprazine, Sedation for investigations: prolonged effect of chloral and trimeprazine: *correspondence*, **179**
Trisomy 13, Natural history of trisomy 13, **343**
Trisomy 22, Trisomy 22 and intersex, **F57**
Tuberculosis, Efficacy of BGC: *Archivist*, **7**
Turner's syndrome, Prevalence of cardiovascular malformations and association with karyotypes in Turner's syndrome, **433**
Twins, Birth weight and head circumference standards for English twins, **516**

Ultrasound
Accuracy of prenatal diagnosis of congenital cystic adenomatoid malformation, **F111**
Role of ultrasound in congenital hip dysplasia: *correspondence*, **180**
Umbilical artery pH, Predictive value of umbilical artery pH in preterm infants, **F93**
Umbilical cord care, Antiseptic cord care reduces bacterial colonisation but delays cord detachment: *correspondence*, **F70**
Umbilical cord ulceration, Umbilical cord ulceration in association with intestinal atresia in a child with deletion 13q and Hirschsprung's disease, **F212**
Unrecognised congenital heart disease, Death in infancy from unrecognised congenital heart disease, **3**
Uraemia, Cardiovascular abnormalities in end stage renal failure: the effect of anaemia or uraemia?, **119**
Urea, Urea and its bioavailability in newborns: *correspondence*, **F233**
Urinary tract infection, *Haemophilus parainfluenzae*: *correspondence*, **95**
Uterine maturity, Use of pelvic ultrasound to monitor ovarian and uterine maturity in childhood onset anorexia nervosa, **228**

Valproic acid, Bone marrow suppression induced by high dose valproic acid, **153**
Vascular disease, Cholesterol screening and family history of vascular disease, **239**
Vasculitis
Cogan's syndrome: a rare systemic vasculitis, **163**
Systemic vasculitis complicating infantile autoimmune enteropathy, **534**
Ventilation, neonatal, Poor prognosis after prolonged ventilation for bronchopulmonary dysplasia, **F210**
Ventricular dilatation, Randomised trial of early tapping in neonatal posthaemorrhagic ventricular dilatation: results at 30 months: *correspondence*, **F147**
Very low birthweight
Lipid peroxidation as a measure of oxygen free radical damage in the very low birthweight infant: *correspondence*, **F234**
Prediction of chronic neonatal lung disease in very low birthweight neonates using clinical and radiological variables, **F36**
***Vibrio cholerae* O139**, *Vibrio cholerae* O139 in Calcutta, **161**
Visual impairment, Developmental setback in severe visual impairment: *correspondence*, **179**
Vitamin A, Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**
Vitamin C, High plasma vitamin C concentrations at birth associated with low antioxidant status and poor outcome in premature infants, **F40**
Vitamin E, Concentrations of vitamins A and E in amniotic fluid, extraembryonic coelomic fluid, and maternal serum in the first trimester of pregnancy, **F49**
Vulvovaginitis, Transhymenal cultures for sexually transmissible organisms, **423**

War casualties, Child casualties in a Croatian community during the 1991-2 war: *personal experience*, **540**
Weights and heights, Preschool weights and heights of Europeans and five subgroups of Asians in Britain, **207**
Wheeze, wheezing
Efficacy of cromoglycate in persistently wheezing infants, **331**
Prevalence of asthma and wheeze in the Highlands of Scotland, **211**
Wheeze in preschool children and its relation with doctor diagnosed asthma, **24**
Why do they wheeze so much? *Archivist*, **408**
Withdrawal syndrome, Neonatal abstinence syndrome after maternal methadone treatment, **F203**
Withholding and withdrawing life sustaining treatment, Withholding and withdrawing life sustaining treatment in neonatal intensive care: issues for the 1990s: *current topic*, **F218**
